

# CR2325

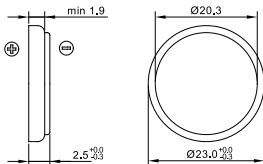

## CR2325

| Nominal Voltage (V) | Nominal Capacity (mAh) | Standard Discharge Current (mA) | Weight (g) |
|---------------------|------------------------|---------------------------------|------------|
| 3                   | 190                    | 0.2                             | 3.3        |

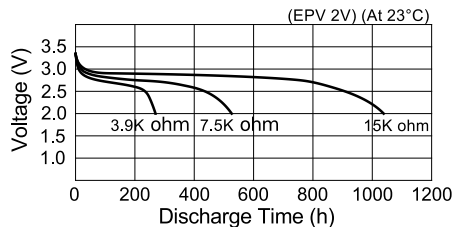

## Dimensions

Unit : mm  
Tolerance : +/- 0.3mm  
Not in Scale

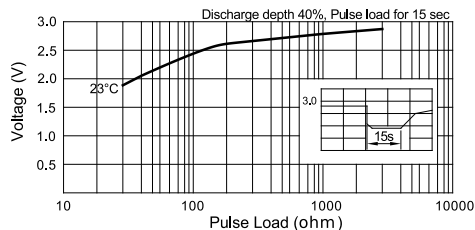

## Standard Characteristics

### Discharge Characteristics

### Pulse Discharge Characteristics

### Discharge Characteristics at Different Temperature
